Employment Law Hotline!

Carlile Patchen & Murphy LLP
ATTORNEYS AT LAW

Employment Law Hotline

This Hotline was created with a simple goal in mind: provide business owners with advice on employment law issues.

Our attorneys answer your basic questions about employment law – such as how to best hire or fire, medical leave questions, and employee vs. independent contractor issues.

Carlile Patchen & Murphy LLP (CPM) is a business law firm devoted to business owners. This hotline is our way of helping businesses like yours reduce legal fees by discussing potential issues early. A CPM attorney will research your question and provide an answer by the end of the next business day whenever possible.

Call our hotline for quick answers to day-to-day workplace issues such as:

- ▶ Fair Labor Standards Act
- ▶ Employee benefits
- ▶ Non-competes
- ▶ Employee vs. independent contractor
- ▶ Wage issues
- ▶ Personnel Policies
- ▶ Background checks... and more.

You have access to quick, basic legal advice when confronted by a disgruntled employee or a concern. One of our employment attorneys will let you know if you are facing a potential liability issue, and how to best proceed. Make employment related decisions after an attorney helps you consider the legal ramifications.

Let CPM help you adopt fair, effective policies and practices in your agency. This program is not a substitute for thorough legal research and strategy development for a specific case.

Enrollment: One year starting at \$200.00 per month.

How to Enroll: Contact Susan Byers at 614-628-0875 or spb@cpmlaw.com.
